**OID code:** E10197925

The **EUBA** is one of the **oldest** universities in Slovakia. It is a **leading public university** with extensive experience in research and teaching in Economics, Business, Finance, Management and International Relations. The EUBA has more than **7 400 students at its 7 faculties** and it is the centre of education and research in these disciplines in Slovakia. Its faculties prepare students for careers in state administration, embassies, governmental and non-governmental organizations as well as in private multi-national corporations, and for the past years it has topped the ranking in terms of graduate employment rates. **Over 80% of EUBA academic staff holds a PhD.** The University uses quality standards compliant with ENQA. Currently, the EUBA is in the final stage of its AACSB accreditation and is expecting the final AACSB accreditation committee visit. At this stage, AACSB has already pre-approved EUBA's compliance with the AACSB evaluation standards, thus EUBA has a good chance to be **the 1<sup>st</sup> AACSB-accredited university in the region of Slovakia, Czechia, and Hungary.**

The EUBA staff has been involved in several international projects supported by **H2020, LLP, FP6, FP7, COST, South East Europe Transnational Cooperation Programme**, as well as by **Structural Funds of the EU**. Over the past decade, EUBA has successfully implemented the H2020-TWINN-2015 project EDGE (GA 692413), H2020-PHC-2014 project EURO-HEALTHY – Shaping EUROpean policies to promote HEALTH equity (GA 643398); has received funding for H2020-MSCA-RISE2016 No. 734459, eMobility – Electromobility in urban transport: a multidimensional innovation (socio-economic and environmental effects), and H2020-SC6-MIGRATION-02-2018 project MAGYC – Migration Governance and Asylum Crisis (GA 822806), COST Action Climate Change, Environment and Migration (CA IS1011), COST Action European network for argumentation and public policy analysis – APPLY (CA 17312), FP7-SSH WWWforEurope (GA 290647), and FP7-SSH Lifelong Learning, Innovation, Growth and Human Capital Tracks in Europe – LLLight for Europe (GA 290683). EUBA also participates in several Erasmus+ projects.

The interdisciplinary research in the field of entrepreneurship and/or digital skills has intensified through projects such as H2020-FinTech (GA 625215), Interreg ENTER-transfer (CE1158), CORALL (2019-1-HU01-KA203-061070), and most recently D-COLLAB (2020-1-SK01-KA226-HE-094384).
